Code Officials Conference of Michigan
2019 Fall Conference - Education Program Schedule
September 23 - 27, 2019
Shanty Creek Resort and Conference Center

Dear COCM Members,

I have been informed by the Bureau of Construction Codes that there has been a change in how they approve Act 407 education classes. By Statute, this task is now the responsibility of the Construction Code Commission. They are responsible for reviewing and approving proposed classes for Act 407 continuing education credits toward re-registration for Building Officials.

The next scheduled meeting of the CCC is slated for October 9, 2019. This date is after the COCM Annual Fall Conference which will be held September 23-27 at Shanty Creek Resort in Bellaire, Michigan.

You will see several classes on this education agenda that list a “Pending” for the program number. These programs will not be reviewed by the CCC for approval until after the conference is held.

As the 2019 COCM Education Director, it is my task to schedule quality educational opportunities for our Members. To do this, it is necessary to move off the approve list from the BCC. Unfortunately because in the change in protocol based on Statute, the programs are not getting approved as quickly as they were previously.

I have every confidence that the Pending classes will gain BCC and CCC approval.

Thank you for your interest in the 2019 COCM Annual Fall Conference

Sincerely,
Steve Taglauer
COCM Education Director
