Updates from State of Michigan Bureau of Construction Codes
Last contact with them they said travel may be prohibited so
it may be a virtual meeting.

Code Officials Conference of Michigan Fall Conference Treetops Resort September 22 -25, 2020

Dear COCM Members,

I believe we can all say that 2020 has been challenging in both our personal and professional lives. Many providers and agencies are still implementing restriction on their workforce. That being said, we have done our best to move forward with the Fall Conference and will all keep our fingers crossed things will continue to improve.

Some of the scheduled classes are new and some have been taught in the past. All require new approval from the Construction Code Commission due to the changes instituted by the State last year.

The next scheduled meeting of the CCC is slated for October 7, 2020. This date is after the COCM Annual Fall Conference which will be held September 21-25 at Treetops Resort in Gaylord, Michigan.

As the 2020 COCM Education Director, it is my task to schedule quality educational opportunities for our Members. Unfortunately, because of the change in protocol based on Statute, the programs are not getting approved as

quickly as they were previously. The onset of the Covid Pandemic certainly did not help either.

I have every confidence that the Pending classes will gain BCC and CCC approval.

Thank you for your interest in the 2020 COCM Annual Fall Conference

Sincerely,
Donald H. Gilmet
COCM Education Director
